1. On 26 November 1953, at a meeting held by Bauunion Nordost in the Torgelow People's House, factory group leaders Nagel, (fnu), and Marcour, (fnu), made speeches in which Nagel said that the construction work in the Northeast area had been completed and that other projects would have to be executed jointly by Bauunion Kueste and Bauunion Sued.
2. Source learned that the previous Prenzlau billets of Bauunion Nordost were to be turned over to the KVP and to be used as a central KVP supply depot.
3. A liquidation office of Bauunion Prenzlau, which was established in the Bauunion building at 25 Wienholz Strasse in Prenzlau on 1 January 1954, was staffed with 18 audit officers and some managers and had to check on all bills and projects. The former staff of Bauunion Nordost was taken over by Bauunions Kueste and Sued. Most technical experts were assigned to Bauunion Sued which also controlled the liquidation office with regard to labor and organization. The building also housed the local construction managements of Bauunions Kueste and Sued, whose staffs included Marcour, (fnu), previously head of Bauunion Nordost and actual manager of Bauunion Kueste, and Lederer, (fnu), manager of Bauunion Sued.
4. At the time of information, part of the building on Wienholz Strasse quartered a KVP headquarters which, was a supply headquarters serving units in the Prenzlau area. Railroad cars continuously came in on a spur track leading to this part of the building. Two low buildings were constructed on Schenkenberg Strasse, protably to store rations.
